

road report 1

Road Report:

9/11/16

Worked Squaw Valley twice, Pot holes on Tomahawk, worked dip by cattle guard, worked Gun Club, screened material at duck pond, Bandolero Trl creek crossing

worked twice the second time was Julian & Willis that repaired it.

5th wheel receiver came in and worked to modify to fit roller, lots of drilling lots of welding lots of grinding lots of cutting with a few expletives.

Waiting for arrival of 3 point hitch for John Deer to pull roller.

I would like to thank everyone that helped in many ways and also a special thanks to Julian, Benny & Willis for the extra help on the roller.
